

# A1 ADRIA LEAGUE SEASON 5

## RULEBOOK

A1 Adria League is esports league built on the pillars of fair play, sportsmanship, mutual respect and tolerance towards others. That being said, our goal is to provide players, viewers and staff members with surroundings where they will experience pleasant atmosphere without any kind of prejudice, unwanted behaviour or unsportsmanlike conduct. In order to do so, we created this rulebook.

This document outlines the rules that should at all times be followed when participating in an A1 Adria League competition. Failure to adhere to these rules may be penalized as described.

It should be remembered that it is always the administration of the tournament that has the last word and that decisions that are not explicitly supported, or detailed in this Rulebook, or even goes against this Rulebook may be taken in extreme cases, to preserve fair play and sportsmanship.

# 1. GENERAL

## 1.1. Definitions

### 1.1.1. Minor penalty points

Minor penalty points are given for minor incidents including, but not limited to, failure to upload required match media, insufficient match statements, and inadequate information on a team account. Every minor penalty point deducts 1% (one percent) of the overall prize money received by the team or player in the tournament.

### 1.1.2. Major penalty points

Major penalty points are given for major incidents including, but not limited to, deliberately deceiving admins, failing to show up for the match, and repeated rule-breaking. Every major penalty point deducts 10% (ten percent) of the overall prize money received by the team or player in the tournament.

### 1.1.3. Tournament Administration

The administration team is responsible for tournament organization and, therefore, will be the main point of contact for any issue during the league. All communication with league administration will be conducted through the official A1 Adria League discord server.

In case of any further questions, please contact:

- Leonardo Bujas - Project Manager - [leonardo@adria.gg](mailto:leonardo@adria.gg)
- Renato Barukčić - League OP - [baro@adria.gg](mailto:baro@adria.gg)

## 1.2. Rules and behaviour

### 1.2.1. Rule Changes

The League administration reserves the right to amend, remove, or otherwise change the rules outlined in this Rulebook, without further notice. The League administration also reserves the right to make a judgement on cases that are not specifically supported, or detailed in this Rulebook, or to make judgments that even go against this Rulebook in extreme cases, to preserve fair play and sportsmanship.

### 1.2.2. The validity of the rules

If any provision of the Rulebook shall be invalid or impracticable in whole or in part this shall not affect the validity of the remaining part of this Rulebook. Instead of the invalid or impracticable provision, an appropriate provision shall apply, which is nearest to the intent of to what would have been the intention in keeping with the meaning and purpose of the Rulebook.

### 1.2.3. Confidentiality

The content of protests, support tickets, discussions, or any other correspondence with tournament officials and administrators are deemed strictly confidential. The publication of such material is prohibited without written consent from the League tournament directors. Breaking this rule will result in adding 1 Major Penalty Point to the team and player.

#### **1.2.4. Code of conduct**

All Teams and Players agree to behave appropriately and respectfully towards other Teams and Players, spectators, the press, the broadcast team, League officials, and League administration. Being role models is the occupational hazard of being a Player or organizer, and we should behave accordingly. Any sort of harassment should be reported to the above-listed League administrators immediately. Harassment includes but is not limited to offensive statements or actions related to gender, gender identity, and expression, age, sexual orientation, disability, physical appearance, body size, race, religion. Also considered harassment are things like sexual images in public spaces, deliberate intimidation, stalking, following, harassing photography or recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome sexual attention. Similar restrictions apply not only to the Teams and Players but every single person involved with or present at a stage of the league. Anyone breaking this code of conduct may be punished, including expulsion and possibly criminal prosecution.

#### **1.2.5. Additional agreements**

The League administration is not responsible for any additional agreements, nor do they agree to enforce any such agreements made between individual players or teams. The league highly discourages such agreements taking place, and such agreements that are contradicting the League rulebook are under no circumstances allowed.

#### **1.2.6. Insults, harassments and unwanted behaviour during the league**

All insults occurring in connection with the A1 Adria League made by any member of the team (player, substitute, coach, manager, etc.) towards other participants of the league or league personnel will be punished. This primarily applies to insults during a match, but also on the Social media sites, insults on IRC, IM programs, Email or other means of communication will be punished if they can be linked to the A1 Adria League and the evidence is clear.

Particularly severe abuse cases with radical statements or the threat of physical violence can result in significantly heavier penalties. Depending on the nature and severity of the insult, the penalty will be assigned to the player or the team in team leagues. In team competitions, players may also be barred from playing for one or more match weeks or even seasons.

Unsportsmanlike behaviour and insults are strictly forbidden and may result in:

- Minor penalty points also affect the potential prize pool that the team might win = 1% per 1 minor penalty point)
- Major penalty points (also affect the potential prize pool that the team might win = 10% per 1 major penalty point)
- Disqualification from the ongoing cup (i.e., qualification or the group stage)
- Disqualification from the league
- Total disqualification and barrage (for the future season or stage)
- Permanent disqualification

#### **1.2.7. Collusion**

Collusion is defined as any agreement among two (2) or more players and/or confederates to disadvantage opposing players. Collusion includes, but is not limited to, acts such as: Soft play, which is defined as any agreement among two (2) or more players to not damage, impede or otherwise play to a reasonable standard of competition in a game. Pre-arranging to split the prize money and/or any other form of compensation. Deliberately losing a game for compensation, or for any other reason, or attempting to induce another player to do so.

### **1.2.8. Bribery**

No Team Member may offer any gift or reward to a player, coach, manager, A1 Adria League Management, or person connected with or employed by another A1 Adria League team for services promised, rendered, or to be rendered in defeating or attempting to defeat a competing team.

### **1.2.9. Association with gambling**

No Team Member or A1 Adria League Management may take part, either directly or indirectly, in betting or gambling on any results of any A1 Adria League game, match or tournament.

## **1.3. Conditions of participation in the league**

### **1.3.1. Nationality of players**

The nationality of all players competing in the A1 Adria League has to be from one of the following countries: Albania, Bosnia & Herzegovina, Croatia, Kosovo, Macedonia, Montenegro, Serbia or Slovenia. All players have to submit proof of nationality by sending copies of a passport or ID card if requested by an admin. Failure to prove nationality will be penalized with a default loss and possible disqualification from the tournament.

### **1.3.2. Team and player names**

Team and Player names can't contain socially unacceptable and disrespectful words and must be changed at admins request. If any team or player fails to comply admin team can disqualify them.

### **1.3.3. Playing with wrong game accounts**

It is not allowed to play with a different game account than the one given in the Team licence sheet before the league start. Depending on the stage of the tournament and the repetitiveness of the mistake, an incorrect game account may lead to a barrage for the player and a team, a rematch, or a default loss being given. If there is sufficient evidence that a player in question indeed played the match or if an admin of the A1 Adria League explicitly allowed it beforehand, a protest for a barrage or rematch will not be admitted.

If a non-member of the current team's lineup is found to be playing for the team, the team will automatically gain the maximum amount of penalty points, will be disqualified from the tournament, and will be banned from all A1 Adria League competitions for the next two seasons.

### **1.3.4. Team captain**

The players may nominate one individual who can be a member of their roster (a Captain) or can be an external figure (a Manager), who will serve as their primary point of contact with the league administration. This person will be responsible for keeping the team in order and will be held answerable by the league administration for any irregularities in a team's behavior and performance. The point of contact will also be the individual responsible for submitting roster changes during the possible roster changing times.

If the starting players wish to change their point of contact, they may do so at any time by emailing the league administration. To change a point of contact, the team must demonstrate that a clear majority of the roster approves of the change. The point of contact will be the individual to whom the prize form is submitted at the end of the season.

### **1.3.5. Team licence sheet**

All teams are obligated to fill out Team licence sheets provided by the admin team no later than 72 hours after the last qualification cup is played.

## **1.4. Penalties and consequences for leaving the league**

### **1.4.1. Leaving during any stage**

If a team disbands during the league, all players will be forbidden to play in the next season.

If a player (in leagues where only one player is competing individually) leaves the league during any stage he will be forbidden to play in the next season.

### **1.4.2. Replacement**

In case that team disbands, or player leaves the league administration reserves the right to replace the empty slot. The slot could be filled by:

- Organization of separate qualifier;
- Adding the second-best team or player (by the performance from the earlier stage(s));
- Inviting team or player without separate qualifier
- No actions will be taken due to other reasons (time/structure-wise - the replacement is not possible!)

It should be noted that the administration has the last word regarding the situation. The decision on this is situational.

## **1.5. Bans and cheating**

### **1.5.1. Ban for players**

If a participant gets disqualified from the A1 Adria League during an ongoing stage for any reason, the participant will get banned until the end of the main event and possible for future events depending on the reason for disqualification.

### **1.5.2. Cheating**

When cheating is discovered, the team will be disqualified from the current season of the league, and the player will be banned from all A1 Adria League competitions for two years.

The use of the following programs will result in a cheat ban: Multihacks, Wallhack, Aimbot, Colored Models, NoRecoil, NoFlash and Sound changes.

These are only examples, other programs or methods may be considered cheats as well.

## **1.6. Match broadcasting**

### **1.6.1. Rights**

All broadcasting rights of the League are owned by the A1 Adria League. This includes but is not limited to: Video streams, TV broadcasts, GoTV, shout-cast streams, replays, demos or live score bots

### **1.6.2. POV streaming**

Players are allowed to stream their matches during the league only if that match is not being streamed on official A1 Adria League channels. Breaking this rule will result in penalty points.

## **1.7. Prize money**

All prize money should ideally be paid out 90 days after the League finals have been completed. If a team or player is missing the proper payment information and makes no effort to fix this, the prize money will not be paid out until this is rectified.

Every penalty point that a participant acquires during an event or its qualifiers is penalized with a prize money deduction. The deductions are as follows:

- For every minor penalty point, a 1% overall prize money deduction will occur.
- For every major penalty point, a 10% overall prize money deduction will occur.

The deduction is calculated out of the grand total of prize money awarded to the participant at the end of the League. It should be noted that a team that received extremely high prize money deduction in total over several of the tournament stages may be disqualified.

### **1.7.1. Withdrawal of prize**

As long as the prize money for the League has not been paid out, the A1 Adria League reserves the right to cancel any pending payment if any evidence of fraud or foul play has been discovered.

## **2. GAME SPECIFIC RULES – COUNTER-STRIKE: GLOBAL OFFENSIVE**

### **2.1. Player Age**

Participants must be at least 16 years of age to participate in A1 Adria League.

### **2.2. Anti-Cheat**

FaceIT AntiCheat is mandatory for all players to use for the full duration of all matches without exception. If a player cannot use FaceIT AntiCheat then they will not be allowed to join the server and therefore take part in a match.

For matches that will not be played on FaceIT platform (online playoff), MoSS AntiCheat is mandatory.

### **2.3. League System**

#### **2.3.1. First stage: Open qualifiers**

The first stage of the League consists of the Open Qualifiers. An unlimited number of teams will participate in a single elimination bracket which will be played in best-of-one (BO1) mode until the Top 4 (Semi-Finals) where it will be played in best-of-three (BO3) mode for the advancing slot. Top 2 teams will qualify to SWISS League from each qualifier.

#### **2.3.2. Second stage: Swiss League**

The second stage of the league is the “Swiss League”. In a Swiss tournament, each team does not necessarily play with all other entrants. Competitors meet one-on-one in each round and are paired using a set of rules designed to ensure that each competitor plays versus opponents with a similar running score, but not the same opponent more than once. All competitors play in each round unless there is an odd number of teams. You need 3 wins in order to advance to the next stage.

Decider/Elimination will be played in best-of-three(BO3) format.

Top 4 teams are proceeding to the next stage

#### **2.3.3. Third stage: Playoffs**

The third stage of the league is Playoffs. Top 4 teams from the second stage of the league are competing to decide the final winner in a DE bracket where all matches are being played in best-of-three (BO3) format.

### **2.4. Match Procedure**

#### **2.4.1. Map pool for every stage**

The map pool includes the following maps:

- de\_train
- de\_inferno
- de\_vertigo
- de\_nuke
- de\_mirage
- de\_overpass
- de\_dust2

#### **2.4.2. Map veto - Best-of-One match**

In case of Best-of-One matches, both teams remove maps alternatively until one map is left which will be played. Map veto for all stages except Playoffs will be randomly seeded. A knife round will be played to decide starting sides.

#### **2.4.3. Map veto - Best-of-Three match**

In case of Best-of-Three matches, both teams remove one map each before picking two maps that they will play, after that they continue removing maps until one is left. Map veto for all stages except Playoffs will be randomly seeded. A knife round will be played to decide starting sides.

#### **2.4.4. Server change**

For all matches that are being played on FaceIT, team captains will do veto for the servers. Therefore, admin team will NOT change any servers unless it is decider match or something critical happened, which requires server change. Server change will happen only if both teams agree

For matches that are being played off the FaceIT platform, an admin team will provide the best possible server. If the server is not okay for team/s admin team along with team captains will check other ones. Failure of cooperation from team captains will be punished with penalty points, and if the teams can't agree where they should play, the admin team decides where the match will be played no matter the circumstances

#### **2.4.5. Match rehost**

For every match ONE rehost will be allowed if following requirements are met:

- 1.) Team who received default win didn't start their next match already.
- 2.) There was problem with FaceIT platform or server.

Admin team will look into every request for rehost individually and try to help you with your situation. Please be patient and cooperative.

#### **2.4.6. Match rescheduling in Open Qualifiers**

Participants are not allowed to reschedule their matches in Open qualifiers

#### **2.4.7. Match Rescheduling in Swiss League**

There will be two playdays in a week, which will be defined before the group stage.

The rescheduling request will be taken in consideration only if the participant has informed the Admin team 48 hours before the scheduled match time. When informing the Admin team, the team must provide a reason for rescheduling.

If it's not possible to arrange a reschedule on a certain playday, the administration will decide if the match can be rescheduled for another day or a def loss and 1 major penalty point will be given.

If the participant announces that he can't play after the minimum given timeframe (48 hours), the participant will receive 2 Major Penalty Points and def loss will be given.

#### **2.4.8. Match Rescheduling in Online Playoffs**

Schedule of the matches in online playoffs will be defined before the Playoffs.

Participants are only able to ask for a reschedule of the start time of their match. All play dates are fixed and cannot be changed. The rescheduling request will be taken in consideration only if the participant has informed the Admin team 48 hours before the

scheduled match time. When informing the Admin team, the team must provide a reason for rescheduling.

If it's not possible to arrange a reschedule, the team must play the match or a def loss and 1 major penalty point will be given.

If the participant announces that he can't play after the minimum given timeframe (48 hours), the participant will receive 2 Major Penalty Points and def loss will be given.

#### **2.4.9. Penalties for being late**

All matches must start according to the calendar; admins will decide about the second, third and the fourth match start time.

- If a team is late for 1-5 minutes, they will be penalized with 1 minor penalty point
- If a team is late for 6-10 minutes, they will be penalized with additional minor penalty point
- If a team is late for 11-15 minutes, they will be penalized with additional major penalty point and default loss will be given

#### **2.4.10. Number of Players**

All matches have to be played with five players per team (5 vs 5), other constellations are not allowed. If a team fails to show up with enough players, the match will count as no-show and will be forfeited.

#### **2.4.11. Dropping of Players**

If a player drops before the first kill in the first round of a half, then the half will be restarted. If a player drops after the first kill have been made and has not returned when the round has been decided, then the match will be paused at the end of the round/start of the next round. If the player has not returned or cannot be replaced within 10 minutes after the pause has started, then the team with the dropped player may forfeit the match at admins discretion.

#### **2.4.12. Change of Players**

Players can be changed at any time, but the opposing team has to be informed in advance. If necessary, the game can be paused (see rule 2.3.14. Usage of Pause function). This change may not take more than 5 minutes. After the waiting time the match can also be continued without the full team and the player can join in the running game.

#### **2.4.13. Leaving the Server**

All matches must be played to the end, failure to do so will be penalized. A match is considered complete when one team has reached 16 rounds on the final map.

#### **2.4.14. Continuing a Disrupted Game**

If it's possible the game always needs to be continued from the last available backup file, if the rounds can't be restored then the following methods should be used.

If it's not possible, then if a match is interrupted (e.g. server crash) within the first 3 rounds of play, then the match should be restarted, if the match is interrupted after the first three rounds of play then the match should be continued where it left off, with these changes in the configuration.

mp\_startmoney should be set to 5000 for the rest of the half

The rest of the rounds that have not been played should be played.

#### **2.4.15. Overtime**

In case of a draw after all 30 rounds have been played, an overtime will be played with mp\_maxrounds 6 and mp\_startmoney 10000. Teams will continue to play overtimes until a winner has been found.

#### **2.4.16. Usage of pause function**

The player has to announce the reason before or immediately after he paused the match. If no reason is given, the opponent may unpaue the game and continue playing. Unpausing or pausing the game without any reason will lead to penalty points.

### **4.7.2. Head-to-Head**

In situations where exactly two teams have the same Matches Won, if one Team has won in the match between those two tied Teams, they shall be declared the winner of the tiebreaker and will be awarded the higher ranking.

### **4.7.3. Three or more way Ties**

If three teams are tied, the head-to-head record of all teams against all other teams involved in the tiebreaker will be considered. Three-way ties are rectified by applying each of the following rules in succession (i.e., if the first rule resolves the tie, no further rules are applied).

If a single team owns a winning record against all other teams in the tiebreaker, they are automatically granted the highest seed available in the tiebreaker (therefore winning the tiebreaker), and a new tiebreaker is declared amongst the remaining teams utilizing the two-way tie procedure set forth in 4.7.2.

If a single team owns a losing record against all other teams in the tiebreaker, they are automatically granted the lowest seed available in the tiebreaker (therefore losing the tiebreaker), and a new tiebreaker is declared amongst the remaining teams utilizing the two-way tie procedure.

If no single team owns a winning or losing record against all other teams, hence the Head-to-Head Tiebreaker is unable to resolve the tie next tiebreaker will be used instead.

In a situation where more than three teams are tied, and Head-to-Head tiebreaker is unable to resolve the tie, Set Points Differential Tiebreaker will be used instead. Set Points Differential refers to the total number of Sets Won minus the total number of Sets Loss in the Group Stage.

If a single team owns a higher Set Points Differential against all other teams in the tiebreaker, they are automatically granted the highest seed available in the tiebreaker (therefore winning the tiebreaker).

If a single team owns a lowest Set Points Differential against all other teams in the tiebreaker, they are automatically granted the lowest seed available in the tiebreaker (therefore losing the tiebreaker).

If all tied teams are tied with on Set Points Differential, hence the Set Point Differential Tiebreaker is unable to resolve the tie, the next tiebreaker will be used instead.

### **4.7.5. Game points differential**

In a situation where more than three teams are tied and Head-to-Head, Set Points Differential tiebreakers are unable to resolve the tie, Game Points Differential Tiebreaker will be used instead. Game Points Differential refers to the total number of Games Won minus the total number of Games Loss in the Regular Season.

If a single team owns a higher Game Points Differential against all other teams in the tiebreaker, they are automatically granted the highest seed available in the tiebreaker (therefore winning the tiebreaker).

If a single team owns the lowest Game Points Differential against all other teams in the tiebreaker, they are automatically granted the lowest seed available in the tiebreaker (therefore losing the tiebreaker).

If all tied teams are tied with on Set Points Differential, hence the Set Point Differential Tiebreaker is unable to resolve the tie, the tied teams will play an additional tiebreaker Match with A1 Adria League Format.
